

DAIKIN REPLACEMENT AIR CLEANER

MERV 11 - 5" DAIKIN REPLACEMENT AIR CLEANER

Description MERV 11 - 5"	Locke Item Number	Nominal Size WxHxD	Exact Size WxHxD	Lennox Part #	Clean Comfort #	Crtn Qty
MERV 11 DAIKIN REPLACEMENT	K9913	16x25x5	15.3875x24.3875x4.375	M1151625	AMP-13-1625-45	5
MERV 11 DAIKIN REPLACEMENT	K9914	20x25x5	19.3875x24.3875x4.375	M1152025	AMP-13-2025-45	5

TESTING STANDARDS - ASHRAE 52.2 (MERV)

Minimum Efficiency Reporting Value (MERV) is a value expressed on a 16 point scale to reference appropriate particular matter removed in 3 different range groups. The higher the MERV rating, the greater the percentage of particles captured on each pass. This testing method is conducted at seven different airflow rates, with the final resistance being twice that of the initial resistance.
